Length because it was part of a very chatty and lengthy School Council and Parent Council. :)	Concerned that SWC can achieve these goals with all the challenges of school space, resources, class size.

The presenter also explained the fees and how they may not cover total cost.	The budget page from CBE was confusing. They should improve the format/categories to explain more clearly to parents, especially if it is to be posted on the website.	Where does the money for the shortfall between costs and budget come from? Parent Council? Sponsorship?

Report card comments should have been areas of strength and areas for growth (personalized for the student)--not a sentence summary of what happened in the course.
